

First Aid Policy

PURPOSE

To ensure the Leopold Primary School parents, carers, staff and students understand the process guidelines and procedures of the school's approach in providing first aid treatment to students and staff.

SCOPE

To identify first aid requirements and implement appropriate arrangements to ensure all injured staff and students are provided with immediate and adequate treatment of injury and illness on school sites or at school approved activities.

First aid for anaphylaxis, diabetes and asthma provided at Leopold Primary School:

- *Anaphylaxis Policy*
- *Diabetes*
- *Asthma Policy*

POLICY

From time to time Leopold Primary staff might need to administer first aid to students or staff at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that Leopold Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Leopold Primary School's trained first aid officers are:

- Ms Cassie Gray
- Mrs Tracey Quinlan
- Mrs Sarah Easton

First aid kits

Leopold Primary School will maintain:

- A major first aid kit which will be stored in the school's first Aid room (Sick bay)
- 5 portable first aid kits which may be used for excursions, camps, or yard duty. The portable first Aid kits are stored in the first aid room (Sick bay)

Ms Cassie Gray Leopold Primary School's First Aid Officer will be responsible for maintaining all first aid kits.

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the first aid room (sick bay) and be monitored by staff. Depending on the nature of their symptoms, where necessary staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid room/sick bay area

Our school follows the Department's policy and guidance in relation to our first aide room/sick bay area to ensure it is safe, hygienic and appropriately equipped. [First aid rooms and sick bays](#)

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Leopold Primary School will notify parents/carers by entering sick bay visits onto the Compass platform for parents viewing. If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Leopold Primary School will:
 - record the incident on Compass
 - If first aid was administered in a medical emergency, report the incident to the Department's Security Services Unit on 03 9859 6266 and enter on Cases.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website Included in staff induction processes and staff training
- Discussed at staff briefings/meetings as required
- Discussed at parent information nights/sessions
- Reminders in our school newsletter
- Hard copy available from school administration upon request
